## 2<sup>nd</sup> Cardiovascular CT Board Review DVD-ROM - 2009

The 2nd Cardiovascular CT Board Review Course held July 15-16, 2009 in Orlando, Florida, was a rigorous and comprehensive review of all aspects of cardiovascular CT principles, methodologies, and clinical practice. The DVD-ROM features presentations from expert faculty in cardiology and radiology, a curriculum designed according to the content outline of the CBCCT examination, interactive menus which allow you to learn and review at your own pace, and complete capture of sessions with synchronized audio, slides and dynamic imaging from the board review course. This year, the instructors had the benefit of having sat for – and passed! – the examination. *This activity has been approved for AMA PRA Category 1 Credit™* (for those who did not attend the course).

**To Order:**

SCCT Member \$400.00  
 Nonmember \$550.00

Make me a member of the SCCT for \$225.00 for Physicians/Scientists
